- Strengthen the cooperation with these organisations by attending their principle events and if possible by engaging in common projects with them or their members. In case of not having an opportunity to represent personally, arrange representation.
- Strengthen the coalition of environmental organisations within the European Youth Forum (FYEG, IYNF)
- Explore possibilities of cooperation with these and other organisations (networks) in the area of environment or any other field of interest to YEE's Member Organisations.

### Enhance YEE's network

- Support the MOs Officer in finding new Member Organisations, especially from countries where YEE does not have any members
- research and find at least one big external network YEE could become a member of

### Improve presentation of YEE

  - Share information on events organised by partner organisations
  - Provide members of PoR with information about the events they are going to attend and share with them basic representation skills
  - When briefing a member of the PoR for a certain event invite the other members as well to improve the team.
  - Have at least 2 meetings with the PoR to share information about YEE, representation skills and develop external relations matters
  - Keep the members of the PoR active and involved in the federation. Ensure to have at least 3 active members in the PoR.
  - Conduct another call for members of the PoR during the working year 2015/2016 and select a maximum of 4 new members who will have a fixed term mandate
  - Create a document on the PoR that explains rules, procedures and responsibilities
- Create business cards in co-operation with the Promotion and Publications Officer and Secretariat.

### Share outcomes
