

Report of the YEE Publication and Promotion Officer Vasily Bashutkin Work year 2013-2014

Dear Colleagues,

As the Publications and Promotion Officer, I took part in general activities of the Board (virtual & physical board meetings, sometimes provided my point of view in email communications).

I was as well a member of working groups. As an example, I discussed with Anja and Lira possible ways to attract more money for the needs of the organisation.

Once I conducted a call for articles which have been then arranged by the YEE Secretariat and EVS volunteers.

I edited the video report that represents the Board. I published several posts on twitter. Also I spread information about YEE among my friends and convinced them to follow and share our news on Facebook.

If you have any further questions, don't hesitate to contact me.

Sincerely,

Vasily Bashutkin
